OPTIMAL AUDIO PERFORMANCE

Our customizable solutions ensure that you get the perfect audio setup, tailored to your space and preferences. Each Sound by Vista system comes with a powerful subwoofer and four speakers that provide a rich, immersive audio experience. With the ability to expand to up to 6 speakers per system for larger or more complex yards, clear high-quality audio can fill every corner of your space.

- 

Stereo System (SBV-10-4)
Speaker package system consisting of four 4" 2-way satellite speakers and a dual voice coil in-ground subwoofer
- 

Satellite Speakers (SBV-0-2)
An additional pair of the VISTA Satellite Speakers to extend the Stereo System (SBV-10-4)
- 

Amplifier with Weatherproof Enclosure (SBV-2-50)
Amplifier with Wi-Fi and Bluetooth capabilities that supports AirPlay 2, Chromecast, Spotify Connect, and Alexa

FINE-TUNED AUDIO CONTROL

With a 10-band graphic EQ accessible through the amplifier's intuitive app, you have complete control over your sound settings. Tailor independent EQ profiles for each input source—HDMI, Optical, Line, Bluetooth, ARC, or Network—as well as Google Home and AirPlay 2. Craft a unique audio experience for every source and enjoy unparalleled connectivity that keeps your space sounding just the way you like it.

"We love our Sound By Vista outdoor audio system! We spend so much more time outside now...."

– J. LEWIS Atlanta, GA

HEAR IT FOR YOURSELF

Experience the sound that speaks for itself. With deep, immersive bass and superior sound quality, Sound By Vista transforms your outdoor space into an audio oasis. Locate your area Sound by Vista Contractor today for a product demo and pricing details.

Subwoofer

10" (25.4cm) Dual VC Long Throw Driver

- Mounting: in-ground; vertically
- Impedance: 11Ω
- Power Handling: 200W
- Top Hat Material: ASA, built to resist harsh conditions
- Bass Chamber Material: PVC
- Tuned Port w/ Flexible Rubber Subwoofer coupling
- Overall Dimensions: 12.68" × 16.54" (32.2 × 42 cm)

Satellite Speaker

4" (10.16cm) PP Waterproof Cone w/ Rubber Surround

- Power Handling: 100W
- Material: ASA, built to resist harsh conditions
- 11" Ground Stake included
- Dimensions w/o stake: 5" dia. × 7.6"L × 7.7"H (12.7 × 19.3 × 19.6 cm)
- Note:

The system can be expanded by adding one additional pair of the VISTA Satellite Speakers (SBV-0-2)

This will allow a total of six (6) Satellite Speakers and a SBV Subwoofer. Only the VISTA SUB/SAT EXP will work on the VISTA System. Do not attempt to add another brand of speaker to this system. The impedance will not be correct, and you would likely damage your receiver.

Amplifier

Wi-Fi 2.4ghz / Ethernet / Bluetooth / Streaming Connectivity

- 120 Watts/Channel at 4Ω
- Audio Input: HDMI Arc, Optical, Line, USB Disc
- Audio Output: USB, Optical
- Power Handling: 200W
- Subwoofer Output
- Supports: AirPlay 2, Chromecast, Spotify Connect, Alexa

Outdoor Enclosure

Weatherproof/Thermostat Controlled Fan and Interior 120V power outlet

- Allows Amplifier to be mounted outdoors in key locations near your Sound By Vista system
