VISTA
VISTA PROFESSIONAL
OUTDOOR LIGHTING

ABOUT VISTA

For over 40 years, Vista Professional Outdoor Lighting has set the standard for American Craftsmanship. Every fixture we build is a testament to quality; engineered to perform and endure, ensuring true specification-grade excellence. We are committed to delivering exceptional, high-performance lighting solutions that enhance outdoor spaces and illuminate the natural beauty of every landscape.

American Craftsmanship. Built to inspire. Trusted by those who demand the best.

(Simi Valley, CA)

VISTA

OUR PEOPLE MAKE THE DIFFERENCE

We're 200+ strong at our manufacturing facility in Simi Valley, and each of us is dedicated to creating high-quality solutions our customers receive as soon as possible. Since 1984, we've perfected our approach to manufacturing and distribution to best serve you.

MANUFACTURING EXCELLENCE

At Vista Residential, we take pride in designing and manufacturing our products in California. Our commitment to quality starts at the source, with a substantial portion of our materials and components being sourced from within the United States. By maintaining close control over production, we ensure that every product meets our rigorous standards for performance and durability.

VISTA

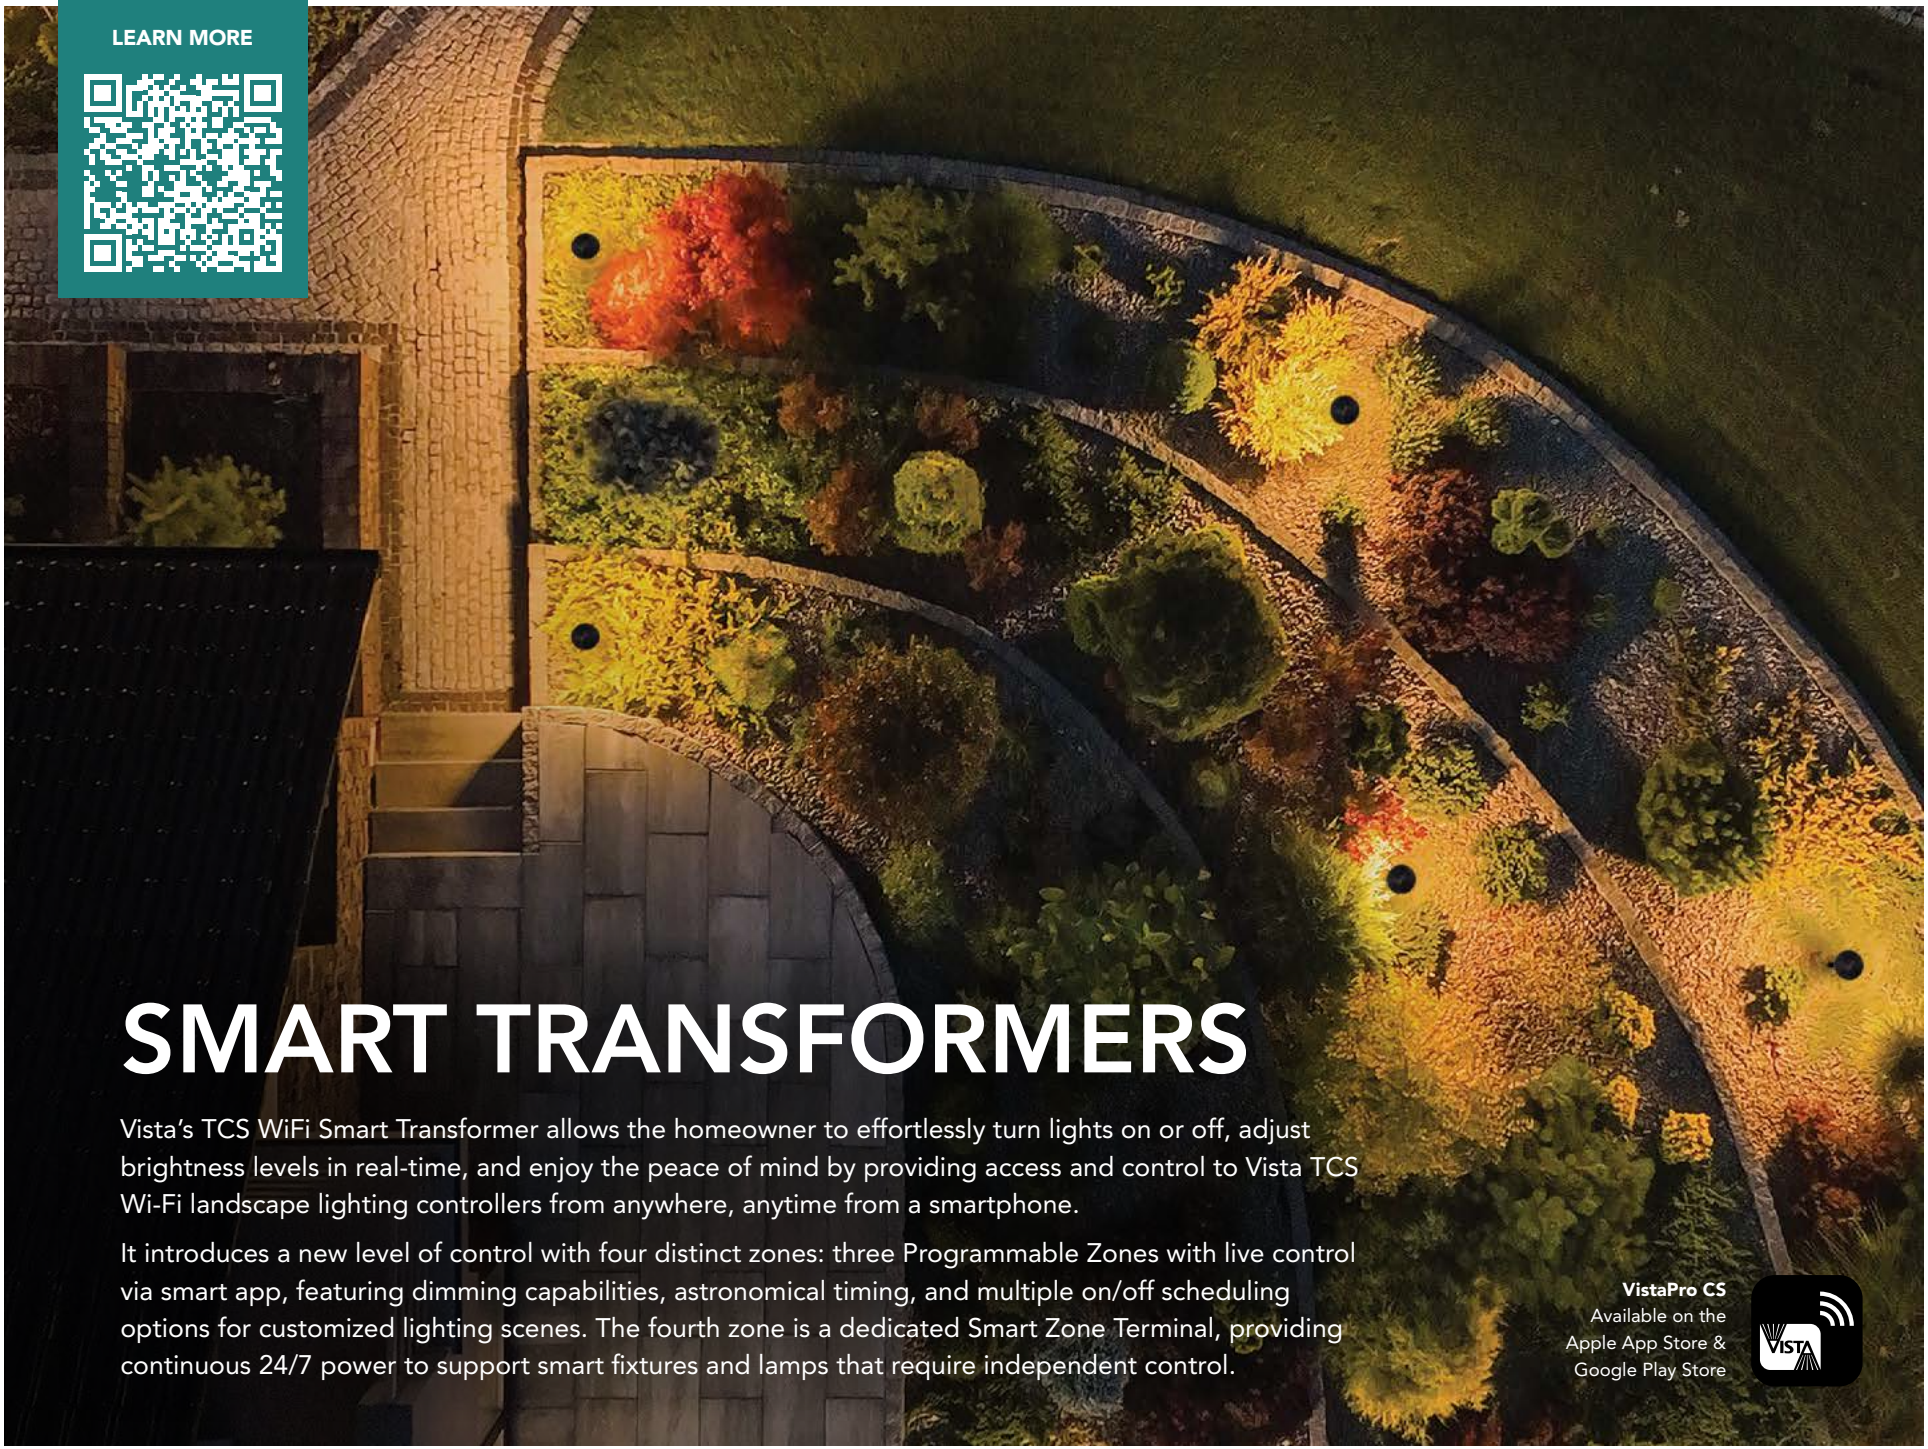
YOU CAN'T OUTSOURCE PRIDE

At Vista, we take immense pride in creating products that reflect our craftsmanship and dedication. Every product bearing the Vista name is carefully crafted in California, ensuring top-notch quality and performance. For us, it's not just about making something; it's about creating something that will stand the test of time, built with pride and designed to serve others.

TECHNOLOGY

Vista Residential brings a new level of customization to your outdoor spaces with innovative smart technologies. Effortlessly create the perfect atmosphere, with full control over lighting and sound, so every gathering or quiet moment is uniquely yours. Discover how Vista makes it easy to create an inviting, tailored atmosphere for all your outdoor experiences.

LEARN MORE



SMART TRANSFORMERS

Vista's TCS WiFi Smart Transformer allows the homeowner to effortlessly turn lights on or off, adjust brightness levels in real-time, and enjoy the peace of mind by providing access and control to Vista TCS Wi-Fi landscape lighting controllers from anywhere, anytime from a smartphone.

It introduces a new level of control with four distinct zones: three Programmable Zones with live control via smart app, featuring dimming capabilities, astronomical timing, and multiple on/off scheduling options for customized lighting scenes. The fourth zone is a dedicated Smart Zone Terminal, providing continuous 24/7 power to support smart fixtures and lamps that require independent control.

Complete Your Smart Home

Experience the Four C's of Exterior Lighting

COLOR

Compliment the exterior of your home or create dramatic landscape lighting effects with our full-spectrum **tunable white** and **RGB color** adjustable lighting system.

CONTROL

Wirelessly control the color, intensity, and timing of your exterior lighting directly from your smartphone or Bluetooth enabled device.

CONNECTION

Synchronize all your exterior lighting fixtures with a scalable and reliable **Bluetooth Mesh network** that will maximize signal performance and range. *Patent pending 'connection enhancement technology'.*

CONVENIENCE

Program various lighting scenes throughout the evening or week to create the perfect ambiance for outdoor events or bolster your home's security during nighttime hours.

VistaPro Smart App

Control Vista Chroma Connect Fixtures seamlessly from a smartphone. Available on the Apple App Store & Google Play Store

BTMG-150 Chroma Connect Smart Wi-Fi Indoor Gateway & Smart Plug

FUNCTION

Provides remote access, control, and scheduling for all Bluetooth® Mesh-enabled Chroma Connect RGBW fixtures

CONNECTIVITY

Connects to your home or office WiFi network to enable cloud-based control from anywhere with internet access.

MULTI-USE DESIGN*

Doubles as a smart plug—control any plugged-in device independently from the Chroma Connect system.

APPLICATION

Ideal for indoor installations such as garages, utility rooms, or interior walls closest to the exterior landscape lighting zone.

EXAMPLE SKU: BTMG-150

BTMG-200 Chroma Connect Smart Outdoor Wi-Fi Gateway

FUNCTION

Enables remote control and cloud-based scheduling for all Bluetooth® Mesh Chroma Connect fixtures.

RELIABLE RANGE

Extends Bluetooth® Mesh connectivity across larger outdoor properties.

MULTI-USE DESIGN*

Doubles as a smart plug—control any plugged-in device independently from the Chroma Connect system.

APPLICATION

Designed for exterior mounting near the first or central Chroma Connect fixture to serve as the primary mesh control point. primary mesh control point

EXAMPLE SKU: BTMG-200

BTMR-150 Bluetooth Mesh Signal Repeater

FUNCTION

Boosts and extends Bluetooth® Mesh signals between fixtures across large or obstructed areas.

INSTALLATION

Place between wide fixture gaps or areas with signal interference to maintain a strong, continuous mesh network.

PERFORMANCE

Optimizes system reliability by bridging distances and enhancing communication between fixtures.

APPLICATION

Best used to extend signal coverage on larger properties or between distant fixture zones.

SOUND BY **VISTA**

From serene mornings to lively outdoor gatherings, Sound by Vista offers the perfect solution for every outdoor experience. Our state-of-the-art Hi-Fi residential landscape audio system features dynamic speakers, a robust subwoofer, and a user-friendly amplifier, transforming your outdoor space into an audio oasis for music or television.

SDK-0-2 Demo Kit

KIT CONTENT

10" Full Bandpass Subwoofer (Qty. 1)
4" Two-Way w/ 0.75" PEI Marine Grade Loudspeaker (Qty. 4)
Home Amplifier (Qty. 1)
Weatherproof Amplifier Enclosure (Qty. 1)
Audio Interconnect Cable with 1/4" TRS connectors (Qty. 4)
2-Way Audio cable splitters with 1/4" TRS connectors (Qty. 2)
Waterproof Marine Grade Demo Case with Handle and Wheels (Qty. 1)

Listen through Native Streaming, Airplay, Bluetooth, Google Home, or Alexa.

SBV-10-4 Audio System

CONTENT

10" Full Bandpass Subwoofer (Qty. 1)
4" Two-Way w/ 0.75" PEI Marine Grade Loudspeaker (Qty. 4)
11" In-grade stake with ½" NPT (Qty. 4)

FEATURES

Made with ASA to withstand harsh weather conditions
Can withstand temperatures from -15° to 160°F

SBV-0-2 Expansion Satellite Speakers

CONTENT

4" Two-Way w/ 0.75" PEI Marine Grade Loudspeaker (Qty. 2)
11" In-grade stake with ½" NPT (Qty. 2)

FEATURES

Additional speakers for large yards or unique layouts
Made with ASA to withstand harsh weather conditions

SBV-2-50 Amplifier with Weatherproof Enclosure

CONTENT

Home Amplifier (Qty. 1)
Weatherproof Enclosure (Qty. 1)

FEATURES

Wi-Fi & Bluetooth enabled for native streaming
Wireless thorugh Airplay2, Chromecast, Spotify Connect, & Alexa inputs
Wired through Analog, Optical, Digital Coax, IR, Network inputs
Adjustable 10-band graphic EQ through amplifier's app

STANDARD
PRODUCTS

Explore our range of lighting solutions that bring function and beauty to any environment, no matter the setting. Our products are designed to elevate outdoor spaces, reflecting our commitment to quality and performance, ensuring beautifully illuminated landscapes, season after season.

CONTROLLERS

TCS features four zones: three are controlled using the Vista Pro Smart App which supports scheduling, programming and dimming capabilities; while the fourth zone is a dedicated Smart Zone Terminal, providing continuous 24/7 power to support smart fixtures and lamps that require independent control.

Available on the Apple App Store & Google Play Store

NATURAL METAL PRODUCTS

Discover fixtures that elevate your landscape with our Natural Metal series. Crafted from natural brass, copper, and stainless steel, this collection offers unmatched durability and a sophisticated aesthetic. Each fixture matures gracefully, gaining rich tones and textures that enhances the landscape over time.

RESOURCES

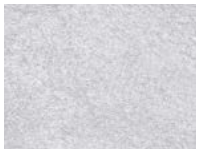
Find comprehensive information on materials, finishes, and products to help you specify with clarity and consistency.

MATERIALS

MATERIALS

Every Vista fixture is crafted with care, shaped from resilient materials like die-cast aluminum, brass, copper, stainless steel, and glass-reinforced polymer. Each component is thoughtfully engineered and finished to ensure lasting quality, refined detailing, and a level of workmanship you can see in every installation.

MATERIALS



DIE-CAST ALUMINUM

Crafted from A360 copper-free aluminum, this material delivers exceptional strength and reliability. Its precise casting process ensures clean detailing, consistent performance, and long-term durability in outdoor environments.

BRASS

Built from solid brass, each fixture is carefully formed to provide exceptional durability and timeless appeal. Its natural resilience allows it to age gracefully, and the available Olde Brass finish offers a classic, refined look suited for enduring outdoor applications.

COPPER

Solid copper construction ensures long-term reliability and corrosion resistance. Its natural aging process produces a rich patina, giving each fixture a unique, refined character that evolves with exposure to the elements.

STAINLESS STEEL

Constructed from high-grade stainless steel, these fixtures combine strength, durability, and corrosion resistance. Precision engineering ensures a sleek, refined appearance that maintains its performance and aesthetic over time.

GLASS-REINFORCED POLYMER

Our glass-reinforced polymer brings together advanced engineering and timeless durability. Resistant to UV exposure and harsh outdoor conditions, it maintains a premium appearance and dependable performance through every season.

Note: *All materials (except Olde Brass) are available* in our eighteen "Ready To Ship" polyester powder coat finishes

FINISHES

FINISHES

Vista's line of fixtures are available in eighteen "Ready To Ship" polyester powder coat finishes. This includes 5 standard finishes with an additional nine Premium and four Hand-Finishes. To meet custom specifications, we also offer over 188 RAL colors and have the ability to custom color match any finish.
